QualityTYMade reflects the quality and generous features of the tractors built by TYM of Korea for over 45 years. Experience a TYM Quality Made tractor at great value.

NEW RELEASE T265

IT'S ON STEROIDS! TYM LAUNCHES NEW COMPACT TRACTOR.

TYM's new compact T265 tractor is rumoured to be on steroids as it can push, lift and pull more than rival sub compact tractors! This Korean-made tractor has sleek styling and is packed with features, including a level-lift quick-hitch loader and 4-in-1 bucket.

While you always get a lot of tractor for your dollars with TYM, you won't get a lot of noise! The TYM T265 Tier 4 diesel 1,175cc engine is extremely quiet. This compact tractor has a strong 865kg dry weight, and the powerful 3-point linkage will lift 700kg. The sleek bonnet gives excellent visibility of the bucket, while the new lighting and instrumentation panel add modern style touches.

Two separate hydraulic systems give plenty of flow for attachments. Independent rear and mid PTO allow operation of rotary hoes, slashers and mid mount mowers. The PTO is easy to operate via the dash push button. The hydrostatic transmission has two ranges with two independent side-by-side HST pedals for forward and reverse. Industrial tyres deliver extra versatility, stability and traction for slopes and front end loader work.

The TYM T265 has excellent entry clearance from either side. A foldable two-post ROPS frame offers both safety and versatility. 3 year warranty plan for peace of mind.

NEW RELEASE T613 CABIN

- TYM 4-cylinder diesel engine
- 60 Horsepower
- 12 forward x 12 reverse speeds
- Integrated joystick control of loader
- Push button PTO with auto PTO function
- Shuttle lever **for easier operation**
- **Spacious** cabin with radio
- **Unobstructed** operator's platform
- Pop up bonnet opening for **easy access**
- 3 year warranty plan

3 YEAR WARRANTY

The comprehensive TYM Warranty Plan gives peace of mind with bumper-to-bumper warranty for the first 2 years, or 1,500 working hours, whichever comes first. Plus engine and drivetrain warranty for the 3rd year to 2,000 working hours. TYM attachments have a 12 month warranty.

Refer to the TYM Warranty Terms manual for full details.

TYM TRACTORS IN AUSTRALIA

Inlon Pty Ltd is proud to be the exclusive Australian importer and distributor of Tong Yang Moolsan (TYM) tractors of Korea. The main TYM factory is based at a modern facility at Iksan in rural South Korea. TYM designs and develops tractors and machinery at its nearby R&D centre and has over 45 years of manufacturing experience for both its local market and exporting to north America, Europe, Asia, Africa and Australia. **TYM** offers a great range of tractors for the Australian market:

- Offering 20 models from 19 to 100 horsepower
- **A broad hydrostatic range** from 19 to 60 horsepower in both ROPS and air-conditioned cabin models
- Mechanical transmission models from 30 to 100 horsepower
- **Power shuttle** models from 75 to 100 horsepower
- **Power shift** models from 90 to 100 horsepower
- Models are elegantly integrated with joy stick control for front end loaders
- **Comprehensive 3 year – 2,000 hour TYM factory warranty plan**
